New Neighborhood City Hall Office Hours & Operations

Office is used by court and EPD; currently open limited hours to the public

(Edmonds - WA) The City of Edmonds has opened a neighborhood satellite office at 23632 Highway 99 as first envisioned and described in the 2021 State of the City Address by Mayor Mike Nelson. A ribbon cutting ceremony was held on Thursday, March 24, 2022.

The office is currently open to the public with limited hours from 9am to 1pm on Tuesdays, Wednesdays, and Thursdays. The recruitment for a permanent part-time front desk administrative assistant is in progress. Once that position is hired, the City will announce expanded satellite office hours to the public.

The satellite office is utilized by the municipal court for monthly court hearings. The Edmonds Police Department also uses the new office. The Community Engagement Officer has an office there as a home base between her public outreach duties within the city. EPD officers also use the satellite office while in the field to complete paperwork and police reports between calls rather than driving to the main station. *Please note that officers are not onsite at the satellite office to take calls or inquiries from the public, please continue to use 911 if you are experiencing an emergency and need an officer dispatched to you.*
